22 years old

About

Graduated from the Bachelor of Data Science and Business Analytics double degree program in 2023 at UoL (University of London) & HSE (Higher School of Economics, the best university in Russia according to Forbes Russia 2022). In the process of obtaining a Master's Degree in Data Science at Barcelona Tech (Universitat Politècnica de Catalunya / UPC).

Experience

Sep 2022 – Now

MeetApp (project under development)

SwiftUI app designed for creation and sharing collective meetings. Entire app's design system was developed by me. Developed most of app's shared components and screens. Distributed and tracked tasks in ClickUp tool.

Jun 2023 - Sep 2023

Yandex GO core team

Worked in a core team of the biggest and most innovative taxi service provider in Russia. Developed features and components in UIKit for Yandex Go superApp, Yango, Uber Russia. Successfully launched backend-driven experimental project during internship which was released in Serbia, UAE and Armenia.

Dec 2022 – Jun 2023

Professor — AI Chatbot (project)

Created the design system of the entire app in figma. Developed and programmed design components for the app. Working in a small group of 3, we reached 1.000 number of users. AppStore link
